The Cottage

Farming has taken place at Cronkshaw Fold since 1307. With exceptional views across the beautiful Alden Valley, there were originally 2 farms and 3 cottages at the farmstead. Now just the main farm-house remains and one recently renovated self-catering cottage has been developed for families with children in mind.

Adjacent to the National Trust area of Holcombe Moor and the new West Pennine Bridleway the location is ideal for Walkers, Horse Riders and Mountain Bikers with many footpaths and bridleways close-by.
